

HILLS OF REST

Location: Cemetery site is located on the west side of South Florida Avenue (US 41) just north of Floral City, in Citrus County, Florida.

Period of Significance: 1837 - 1912

Cultural periods in the floral City area were centered on three industries of the 19th century: Steamboat Era, the Phosphate and the early Citrus Era.

During the years of 1840 through 1912, the Floral city region was the most populated and was the political center of the 19th century.

Site Recorders: Esther Yonkin and Virginia Schmidt. History Associate Volunteer Program February 1995.

Site Assessment:

The cemetery site is located west of the original stage coach route connecting Sumter, Marion, Hernando and Citrus Counties. The historic section of the cemetery faces this historic route across the front half. Burials of the late 1800's are located from the front to about mid-way of the property site.

In 1995, this cemetery continues for current burial sites.
