Stage Stand Cemetery Committee Formed

A committee to upgrade the historic Stage Stand Cemetery at Homosassa Springs has been formed and had its first meeting last week.

Doug Trotter as named temporary chairman, with Douglas Head vice chairman and the Rev. Roger Shively as secretary-treasurer.

The committee is composed of two persons from the Fire Department, two from the Civic Club, two from the Chamber of Commerce and two from the Homosassa Lions Club.

They met with County Commissioner Walter Bunts to organize and outline the areas for improvement. For one thing, the cemetery will be surveyed and staked out. In the past, it had been used by local families in a haphazard fashion, it was

liciating. Interment will be in Gate of Heaven Cemetery,

stated, with no regulation and no standards to go by for grave plots. People simply staked out an area for their families and that was it.

It will continue to be a "free" cemetery, Bunts said, because it is owned by the citizens of the county, but some order and system will be instituted. And records now will be kept of burial sites. Also, the committee will attempt to include in such records the locations of all graves.

"This will be a long project for the committee," said Bunts, "and it will not be financed by the County." He said people can make donations toward it in memory of loved ones, or toward their future grave plots.

The remaining land will be staked out in 10 feet by 10 foot plots (which is space for two graves), but the Commissioner said families can reserve more

area for the whole family if they wish.

It was stated that those who already have plots reserved will be permitted to keep them.

but that all future reserved plots will conform to the overall plan, which the committee will devise.
